I AM NCR
1530 POS TERMINAL
For the specialty retail industry

Reliable, relevant POS terminal developed to meet your requirements

The NCR P1530 has been engineered and manufactured to provide sustainability, non-stop reliability, maximum uptime, and a low total cost of ownership.

Serve customers faster
The NCR mainstream POS terminal combines superior processing power with top reliability. Increase your speed of service without sacrificing ease of use for your staff.

Built to be flexible
Connect directly to all the devices you need to serve your customers quickly. Connectivity is maintained with four Rj12, three standard USB ports, and more. Using Intel's embedded processor family offers product stability and a consistent configuration.

Install it anywhere
Our mainstream terminals can be used anywhere you need them, with rugged enclosures, fanless cooling, and solid-state technology that can withstand spills without interrupting service.
